CAREER OBJECTIVE

Aspiring Full Stack Developer with expertise in the MERN stack, including HTML, CSS, JavaScript, React, and Node.js. Passionate about building innovative web applications and solving real-world problems. Seeking an opportunity to contribute to a dynamic team and enhance user experiences with efficient, scalable solutions

TECHNICAL SKILLS

Frontend : HTML, CSS, JavaScript, React.js, Redux, Tailwind CSS, Bootstrap

Backend : Node.js, Express.js, REST APIs

Database : MongoDB, MySQL, Firebase

Tools & Version Control : Git, GitHub, Postman, Vs Code

PROJECTS

E-Commerce (Backend)   Jan 2025 - Feb 2025

- Developed a REST API for product management, user authentication, and cart functionality using Node.js, Express, and MongoDB.
- Implemented JWT authentication & role-based access control for secure admin and user management.
- Integrated MongoDB Atlas for cloud storage and optimized database queries using Mongoose.

Property prime (Estate)

- Developed dynamic search filters for property listings based on location, price, and property type.
- Built a secure backend with Node.js, Express, and MongoDB, implementing authentication and property management APIs.
- Integrated real-time database updates using Firebase for seamless property management.
- Built an interactive UI with React and Tailwind CSS, enhancing user experience.

Cloud photo gallery

- Built a full-stack cloud photo gallery with secure uploads, MongoDB storage, and an interactive UI using Bootstrap & JavaScript.

EDUCATION

Bachelor of computer application (BCA)   **june 2022**
MIMT KOTA (RAJ.) 76%
